An Update on the DHET's Open Learning Initiative

Part I

DHET's Open Learning initiatives all designed to give effect to mandates in 2014 *White Paper for Post-School Education and Training*, Chapter 7

We need to make this road by walking it

- Open Learning
Policy Framework
- A National Open
Learning System

- Develop programmes, courses and themes conducive to open learning across PSET sectors, e.g. the Adv Dip (TVT) – professional qualification for TVET lecturers

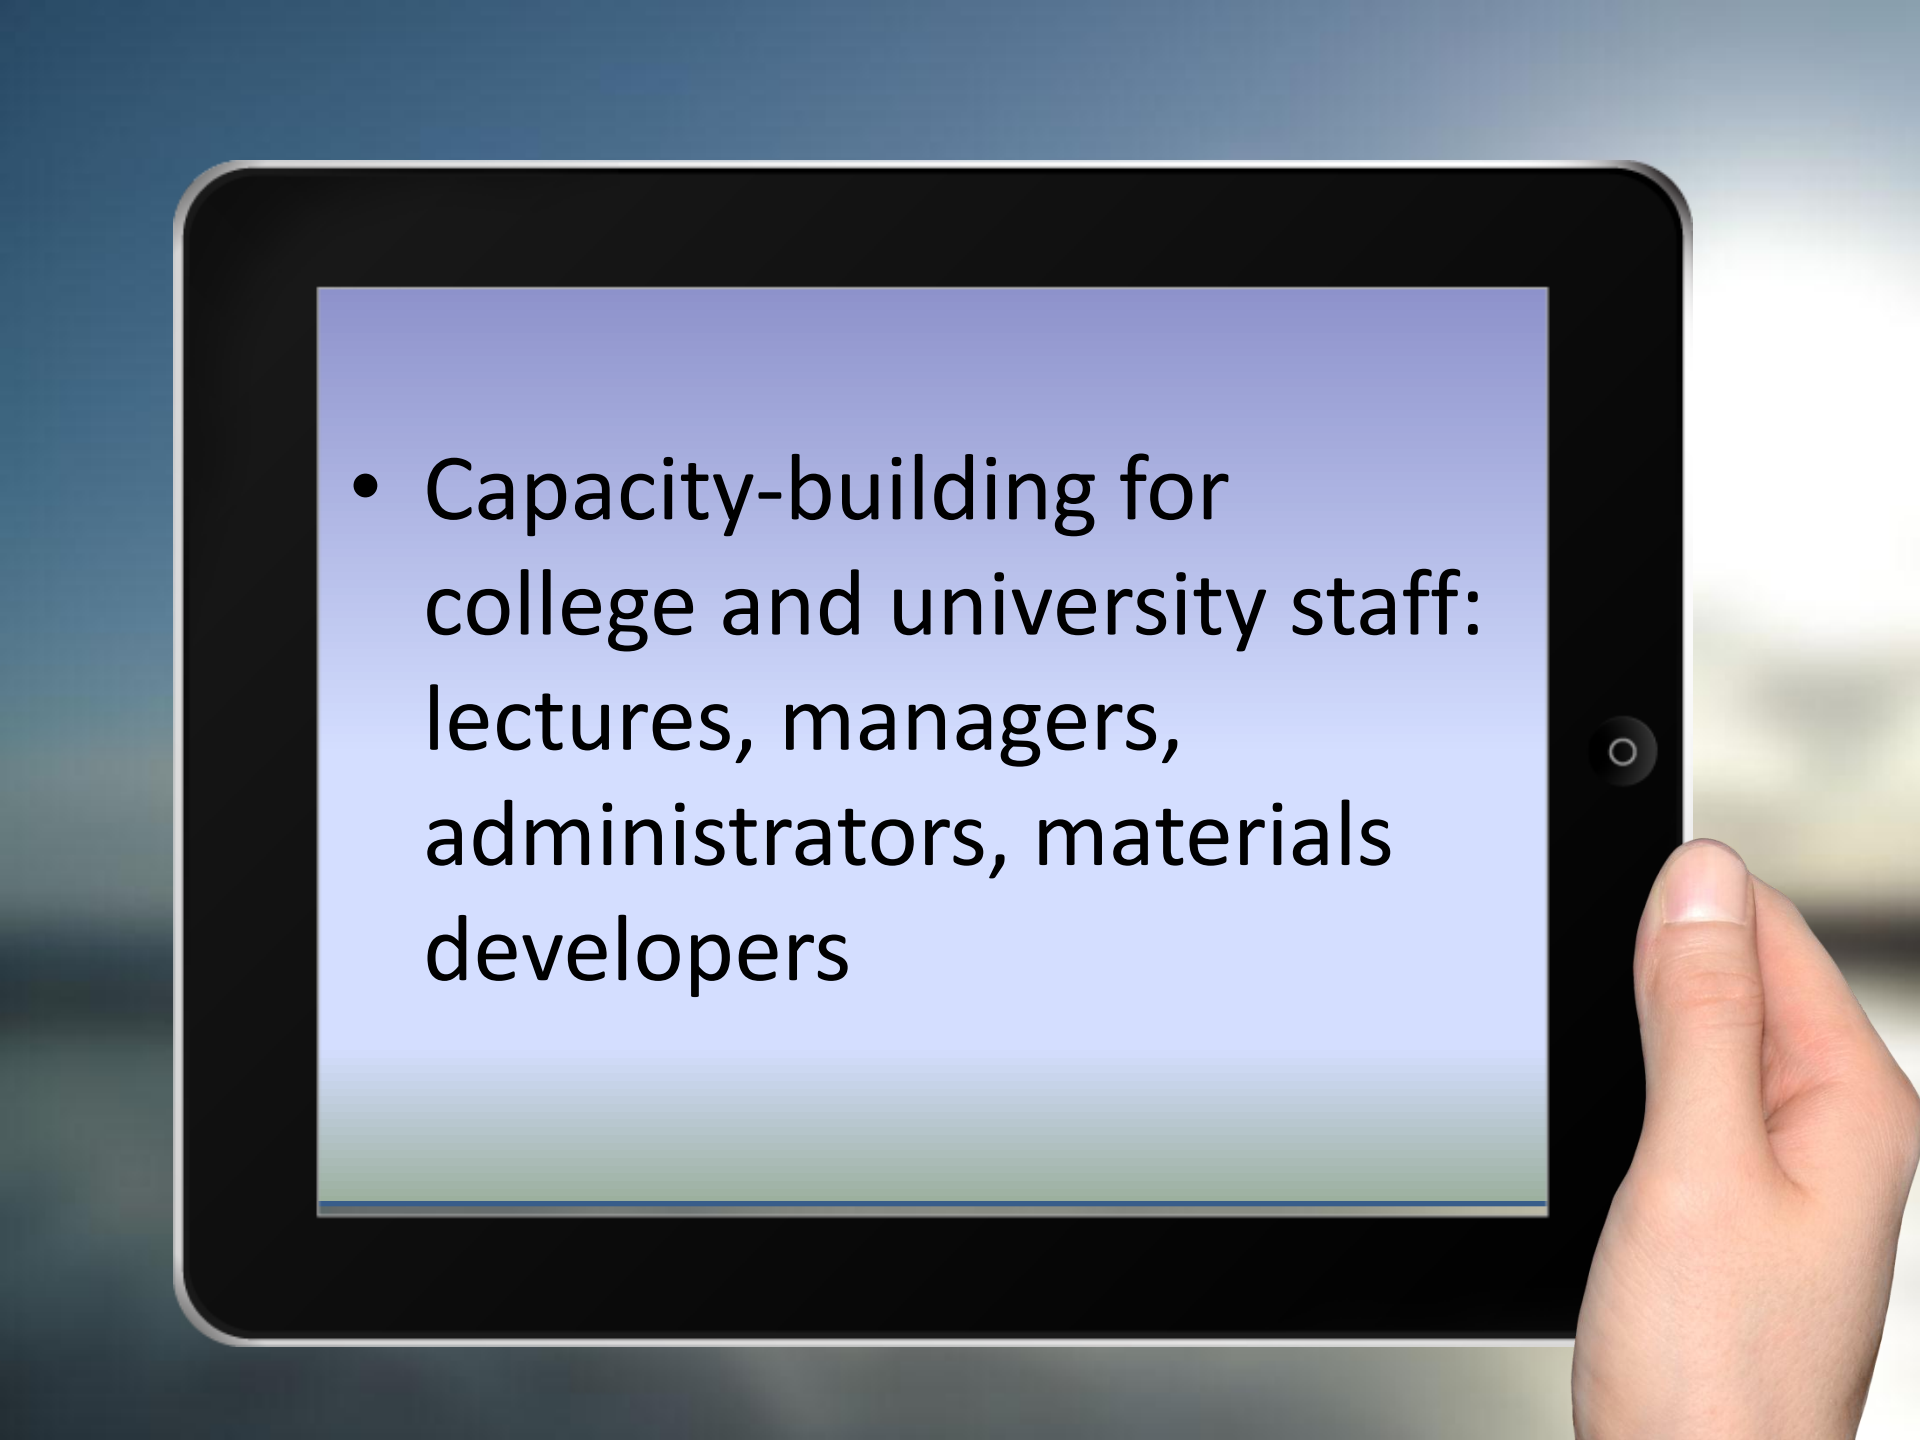

- Evolve workable, sustainable model/s of open learning development

- Establish a national OER repository for PSET

- 
- Advocacy and communication strategy

- 
- A tablet with a black bezel and a light blue screen. The screen displays a single bullet point. On the right side of the tablet, there is a circular home button.
- Publish Knowledge Series and case studies of open learning initiatives

- Develop networks of support and shared expertise – among institutions, distance education managers, lecturers, materials developers, and learner support centres.

- 
- A hand is holding a tablet computer. The tablet screen displays a single bullet point. The background of the slide is a light blue gradient. The text is in a black, sans-serif font.
- Capacity-building for college and university staff: lectures, managers, administrators, materials developers

- Develop a national OER policy, and encourage institutions to develop their own OER policies

Thank you
